SWEETHEART GETS J. M. STUART PAROLED—BECOMES HIS WIFE.

MARRIED IN CITY HALL

Miss Wiggins Buys License, He is Brought From Street Gang and Given Shave.

When James M. Stuart, of Clarinda, Ia., was arrested and taken to the city jail here Wednesday afternoon, after having been released from the same place a few hours before, he saw ahead of him two weeks of work on the streets, rather than freedom and a wife, both of which came to him yesterday afternoon.

A week or two ago Stuart came here from Clarinda to meet Miss Dorothy Wiggins, also of Clarinda, and they were to be married. But for some reason they failed to meet, and neither knew what had become of the other. Miss Wiggins returned to Clarinda, but Stuart got drunk, the first drunk he had been on in a year.

Last Wednesday morning his time was up and he was released. He had enough money to take him home, but before he went to the train he bought a pint of whisky and soon found himself in jail again. He could not pay the fine assessed him in police court the next morning, so started to work it out on the streets.

Meanwhile Miss Wiggins heard of his trouble and returned to Maryville. Friday afternoon she went to Mayor Wright and Chief of Police Moberly and asked for Stuart's release, saying she and Stuart wanted to get married. The officials decided that they would parole Stuart if he would be married to Miss Wiggins and leave town with her. Then began work of preparing for the wedding.

City Clerk Chester Bennett telephoned to the Rev. Louis M. Hale, pastor of the First Baptist church, and persuaded him to perform and donate the ceremony. Miss Wiggins then gave Mr. Bennett a dollar with which he went to the recorder's office and bought a marriage license for the couple. Next he went out to get the bridegroom who was working on the streets. He took Mr. Stuart to the jail where he changed clothes, and then, at the expense of the chief of police, the clerk took the bridegroom to the barbershop for a shave.

By that time the guests had been brought to the city hall, and the Rev. Mr. Hale married the couple. Mr. Moberly took up a collection from the guests which amounted to $5, and presented it to Mrs. Stuart as a fund for their wedding tour to Clarinda. The couple left thanking everybody who had helped them out of their difficulty.

Those present at the wedding were Chief of Police Elmer Moberly, City Clerk Chester Bennett, City Attorney W. H. Crawford, Sheriff Edmond Wallace, Fire Driver Claud Stults, Assistant Tax Collector Harold Selecman, George Baker, Edward Williams, Herschel Colbert and John Coleman. Mayor Wright disappeared sometime before the ceremony.

To Spend Sunday in St. Joseph.

Mr. and Mrs. W. E. Goforth and family left this morning for St. Joseph where they will be the guests of friends over Sunday.

To Visit at St. Joseph.

Miss Irene Swinford went to St. Joseph Friday to spend a few days as the guest of Mr. and Mrs. W. D. Mallon.

Visiting in the City.

Mrs. Frank Spencer of Maysville is visiting in Maryville with her parents, Mr. and Mrs. W. L. Ruddle.

B. F. Dougan, A. J. Wells, Joseph Holker, Shelby & L. and C. A. Barmann, all of Nodaway county, had stock on the St. Joseph market yesterday.

TO HAVE WATERMELON FEST.

Commercial Club's Big Meeting of Year to Be in Normal Park Next Thursday.

The members of the Commercial club will indulge in a watermelon fest at the regular monthly meeting next Thursday evening. Although the entertainment committee of the club has given the special name of "watermelon fest" to the meeting in honor of the many watermelons that will be served with the menu, the latter will be crowded with other, more substantial edibles, and the program will offer a large variety of entertainment.

The meeting is to be made one of the big meetings of the year, both in a business and fun-making way, and the officers are working to get every business man out to it. All members of the Commercial club are expected to be present, and they may invite their friends.

The meeting is to be held in the Normal park, and free transportation will be furnished between the square and the park. Among the entertainment features on the program are several vaudeville sketches. After the "fest" will come the business meeting, at which several important matters are to be taken up.

C. M. Harrison, editor of the Gallatin North Missourian, probably will be here to make an address at the picnic.

BUCKET BRIGADE CHECKS FIRE.

Gasoline Stove Explosion Endangers Home of Mel Corken of Burlington Junction.

The home of Mel Corken of Burlington Junction was badly damaged by fire yesterday evening, when a gasoline stove which was being filled, exploded.

The blaze spread rapidly, and for a few moments it seemed that the entire house would be burned. The prompt work of the bucket brigade, however, checked the flames, and saved the dwelling.

COCKAYNE FREED

NODAWAY FARMER NOT GUILTY OF RECKLESS DRIVING.

J. C. DUGDALE AT FAULT

St. Joseph Man's Carelessness Caused His Being Run Down by Automobile, Judge Decides.

E. A. Cockayne was cleared yesterday of any blame for the accident in St. Joseph July 5, when J. C Dugdale, a St. Joseph business man, was run down by Cockayne's automobile at King Hill and Missouri avenues. The case was tried in the St. Joseph police court, and Police Judge Allee decided from the testimony that Mr. Dugdale was the only one at fault.

Mr. Cockayne is a Nodaway county farmer, living near Maryville. The result of yesterday's trial of the charge made against him by the city of St. Joseph that he was driving recklessly probably will stop the action that Dugdale was to have taken to recover personal damages.

Thirteen witnesses testified in the case, and much of their evidence conflicted. Judge Allee took the version of the street car men as being disinterested. They declared Cockayne's auto had passed the street car a block before the accident occurred at King Hill and Missouri avenues, had sounded warning signals, had slowed up as it neared the crowd waiting for the car, and that Dugdale stepped in front of the auto and was looking in the other direction.

Home From St. Louis.

John Murrin returned this morning from a week's business trip to St. Joseph, where he has been purchasing new goods for the Corwin-Murrin Clothing company.

LIKE BIG RECESS

TEACHERS AND STUDENT TEACHERS FROLIC AT PICNIC.

FACULTY WINS GAME

More Than 500 Persons Attended Normal Outing in Park Yesterday Afternoon.

Stuffing bananas and marshmallows, rolling eggs, running races, playing ball and screaming and laughing, the staid faculty members of the Normal and the summer school students, many of them experienced schoolmarms, let themselves loose yesterday afternoon for their annual good time picnic, and the Normal park looked like a mammoth recess. More than 500 persons were at the picnic, one of the liveliest the school has ever had.

The day's play began at the athletic park at 2 o'clock.

Three races were run before the base ball game, in which Nodaway county made a clean sweep of the honors. The 100-yard dash, in which one boy from each county contested, was won easily by Bird of Nodaway. The fat men's race, in which no one weighing less than 200 pounds, was allowed to contest, was won by H. P. Swinehart, and James Decker of Graham distanced the field in the slim men's sprint. Immediately following the races came the faculty-student ball game, which resulted in an 11-9 victory for the faculty.

Faculty Lead All Through Game.

Great interest centered around this contest, and each team had the most loyal of supporters. One group of the faculty members were seated together in the grand stand and, encouraged by President Richardson, rooted most faithfully.

The faculty team took the lead early in the game, and led by a safe margin throughout the entire contest. During their first time at bat they accumulated four scores, while the students were able to make only one run in that inning. In the second inning the students were more successful and secured three tallies, but the faculty team was not to be outdone and added six scores to its total in this frame. Neither team scored in the third inning, but the students scored two and the faculty one run in the fourth inning. In the last inning the students rallied, ran in three scores and for a short time it looked as if they would get enough to win the game, but the spurt was checked and the faculty marched off the field, victors of the day.

Same Old Excuse is Made.

Various comments were heard on the game, some being of the opinion that the victory was square and fair, while others maintained that it was too near the end of the term and final examinations for the students to fully exert themselves. This latter is becoming an annual excuse.

Immediately after the game everybody went to the Chautauqua park, where further contests were held. Nodaway county upheld her honor in these contests also, winning three first places. The games and the winners are as follows:

Three-legged race—Alley and ——— of Harrison county.

Sack race—Watson of Nodaway.

Boys' relay—Nodaway.

Human wheelbarrow race—Wogan and Wenger of Buchanan county.

Banana eating contest—Webb of Clay county.

Marshmallow eating contest—Miss Ward of Worth county.

Girls' relay race—Worth county.

Egg rolling contest—Miss Myrtle McPherron of Nodaway county.

After the contests members of the playground class of the Normal school took charge of the student body and started eight groups of plays and games. At 5:30 o'clock each county issued a call to supper and the sports for the day were over.

RECEPTION BEGINS

200 VISIT NEW REST ROOMS THIS MORNING.

EXPECT 1000 BY NIGHT

Comfortable Furnishings, Palms, Ferns, Music and Refreshments Invite Visitors to Stay.

It was a very different sight which presented itself to the visitors at the new rest rooms today from that seen by the committee of women from the Maryville clubs when it inspected the basement of the court house several months ago. Then they took a lantern and groped around in a dark, musty hole, past old boilers and over trash. Today the same hole, but in a new dress, was light, cheery and restful, inviting everyone to stay.

With their handsome furniture, beautifully decorated walls, banks of palms and ferns in different corners, music and refreshments, the rest rooms were opened at 9 o'clock this morning to the first comers, and it was hard for anyone to believe that he was in the basement of Nodaway county's old court house. Rather it seemed as if he were in some fine hotel lobby, during some special occasion.

The Rev. and Mrs. C. H. John of Maryville were the first persons to register this morning, and W. A. Blagg was next. Mrs. Guy Mutz was the first woman from the country to register. At 11 o'clock nearly 200 persons had visited the rooms. Of course, not many out of town persons had visited the room yet this morning, for they had not had time to reach Maryville. With the weather so clear and the roads in such good condition, however, the women on the reception committees expect to entertain at least 1,000 persons before the rooms are closed late tonight.

As the visitors enter the rooms they are served to punch and then shown around. The cream tinted walls, large windows and indirect lighting fixtures make the rooms as bright and cheerful as any. The wicker chairs and the couches invite to comfort. A table in one room is covered with the latest magazines, some of them fiction magazines, but many of them the kind that appeal to the women, the fashion and home-making magazines. In this same room is a grafanola with many of the best records furnishing the music for the day.

Those present from out of town this morning were: Misses Elta and Ethel Hern of Elmo, Miss Minnie Kennedie, Eagleville, Mo.; Miss Julietta Lance, Trenton, Mo.; Mrs. N. C. LeGrande, Clearmont; Miss Ada Brandt, Clearmont; Ivan Irgo and Hollis Hays, Skidmore; W. H. Swinford, Clyde; Mrs. Henry Moore, Ravenwood; Mrs. W. G. Gray, Ravenwood; Mrs. Nellie Remmele, Clyde, and Mr. and Mrs. E. E. Woods, Ravenwood.

To Visit at Graham.

Mrs. G. B. Holmes and Miss Orrel Helwig left last night for Graham to attend the Chautauqua. While there they were the guests of Mrs. L. Rowlett and Mrs. John Wilson.

Home to Creston.

Miss Dorothy Bean of Creston, who has been the guest of Miss Alice Orcutt and Miss Lucile Holmes, left for her home today.

Misses Gladys and Helen Tilson, who have been visiting for the past few days in Maryville, at the home of their uncle, W. R. Tilson returned to St. Joseph this morning.

Miss Helen Dean went to Pickering today to spend a few days as the guest of Mr. and Mrs. Verne Wray.

THE WEATHER

Generally fair tonight and Sunday; not much change in temperature.

TO KNOW WHAT YOU PAY FOR.

Quantity of Food in Packages Must Be Marked After Sept. 3.

Beginning September 3, Uncle Sam will be chief weighmaster for Mrs. Housewife. An amendment to the pure food and drugs law, which requires that all food in packages must be marked, in terms of weight, measure or numerical count, goes into effect on that date. In that way Mrs. Housewife will be able to choose between the dealer who sells a "padded" package with nine ginger snaps in it, and another dealer who sells a small package containing twelve ginger snaps. The weights or measures given on the packages must be the net and correct weights or measures.

The law is aimed chiefly at the manufacturer shipping food products in interstate transit, but it also affects the retailer. If a retailer buys a lot of staple goods and the packages are not marked as required by the law, such goods will be liable to seizure by government inspectors. Packages containing less than two ounces or fewer than six units of food are exempt from marking.

Certain tolerances and variations due to atmospheric and other conditions are allowed for. Inquiries as to such discrepancies may be directed to B. C. Winslow, food and drug inspector, in the federal building.

To Buy Fall Stock.

C. W. Yehle of the Alderman-Yehle dry goods company will leave Monday for Chicago and New York City to buy new fall goods for his firm. He will be accompanied by his sister, Miss Katherine Yehle and Miss Gertrude Condon, head of the ready-to-wear department.

Home to Arizona.

Miss Ruth St. Clair, of Phoenix, Ariz. who had been visiting at the home of her aunt, Mrs. W. T. Garrett and other relatives, left today for her home.

To Visit at Rea.

Mr. and Mrs. C. E. Ballinger left today for Rea, Mo., to visit a few days with their daughter, Mrs. Paul Fisher.

HORSE KILLED JAMES MANION.

Catholic Priest, Former Conception College Student and Ball Player For Maryville, Died From Kick.

Word has been received here that Father James Manion was killed in Oregon last week when a horse kicked him. The particulars of the accident have not been learned.

Mr. Manion was formerly a student at Conception college, and one year played first base on the old Maryville Comets team. At the time of his death he was pastor of a church in Oregon.

Returns to Clarinda.

Mrs. S. V. Dooley of Clarinda, Ia., who has been visiting her parents, Prof. and Mrs. B. F. Duncan, has returned to her home.

Sawyers For Prosecuting Attorney

The primary campaign is about to close. It is impossible for a candidate to meet and talk with all the voters, be he ever so diligent. Personally, I have done my best to get my claims for the nomination for Prosecuting Attorney before the people. They are simply these: First, having served a term as assistant in this office, during which time I assisted in the prosecution of a large number of criminal cases, I claim experience. Second, having asked for a nomination four years ago, I am for a second time asking for your consideration. Third, I have been actively connected with the party organization for the last ten years, rendering such service as I could.

To summarize, I have had criminal law experience which ought to be valuable in conducting the office. I have rendered a service to the party which permits me to ask for consideration, providing my habits and reputation are such as warrant a responsible trust of this nature being placed with me. As to these, I ask your careful inquiry. If my claims are good, I most respectfully ask that you give me your support next Tuesday.

Very respectfully,

WILLIAM G. SAWYERS.

RECREATION FOR CAMPERS.

Out Door Morning Programs and Athletic Events for Chautauqua Week.

Recreation for the campers at the Chautauqua is one of the important parts of the program arranged for this year.

Any prescribed program other than athletic events and out door amusements has been dispensed with. A tennis court will be laid out, croquet sets placed and equipment for various other sports and games provided.

A field day program has been arranged for two mornings, one for the children under 14 and the other for girls and youths from 14 to 18. Prizes are to be offered for these different events and a tennis tournament will be held.

There will not be a dull moment for the morning sessions.

In devoting the first part of the day's program to out door sports, the management has followed the plan of several other chautauquas, who found the morning arrangement gave added zest to the afternoon and evening programs.

WOMEN AND CO-OPERATION.

Co-operation is one of the keynotes to the life of the modern world and its success. Big business has made its fortunes through co-operation; commercial clubs are proving the value of it to the merchants of cities and towns all over the country, and the farmers are being taught to co-operate with each other and their neighbors in the cities.

Today Maryville and Nodaway county are witnessing the successful result of another co-operation, the co-operation that has built and made possible today the opening of the women's rest rooms in the court house. The club women of Maryville, the county court and other citizens of this city and Nodaway county have all worked together to make these rest rooms a reality, and they have accomplished something that is of inestimable value.

But to narrow the field of co-operation a little and take in only the General Federation of Women's Clubs. This organization has been the prime mover in the best of recent things done for the city. In fact, the women have always been instigators of the good things done here. The women have long looked after the charity of the town; it was a woman who secured the drinking fountain for animals. And so it goes; but not until they organized their different clubs into a co-operative body, the General Federation of Women's Clubs, did they attain their full power. Since then they have begun to do big things.

Clean-up day is one of these things; the rest rooms is another, probably the best, and the people of the town may rest assured that the work will go on.

Co-operation is a great thing, but women plus co-operation is a very great thing.

On Week's Vacation.

A. J. Luppold of the Toggery Shop will leave this evening for Red Oak, Ia., to spend a week's vacation and to meet his wife, who is visiting her parents, Mr. and Mrs. O. K. Olson, living on a farm near Red Oak.

G. L. WILFLEY CELEBRATES.

Head of Farmers Trust Co. is 57 Years Old Today.

George L. Wilfley, president of the Farmers Trust company, is celebrating today. Most folks don't know that it is a special day, for Mr. Wilfley's geniality is of the sort that makes his friends think he is having a thoroughly good time each day.

Still today is something extra for Mr. Wilfley is receiving the congratulations of his friends on his arrival at his fifty-seventh birthday. If he didn't have the family Bible record to prove the date, no one would believe Mr. Wilfley has celebrated so many birthdays.

He was born at a little place called Cooper's Mill in Nodaway county, August 1, 1857. He started his business career at sixteen and from then until 1880 he took a number of flittings over Missouri but none looked as good as Maryville and he came here in that year, he remained.

Mr. Wilfley entered the bank of Baker, Saunders & Co., as clerk and in 1887 purchased an interest in the bank. Through the various changes of the Baker-Saunders Co., into the Maryville National Bank and later the Farmers Trust company, Mr. Wilfley has been with the firm and is now its head.

Ladder Breaks and Painters Fall.

While at work on the Toggery Shop yesterday, two painters fell about ten feet to the walk when the rung of a ladder on which one of the iron brackets rested, broke, letting their scaffold drop. Neither was hurt, but both were covered from head to feet with paint, and the walk is still smeared with a large spot of it.

Mr. and Mrs. Harry Purviance, who live six miles south of Maryville, announce the birth of a girl Thursday, July 30.

Frank Bolin, the subject of this sketch, is a candidate for the office of County Clerk, subject to the action of the Democratic voters on Tuesday next. He is a native of Nodaway county, having been born on a farm in White Cloud township, forty-two years ago, where he continued to reside until about fifteen years ago, when he located in Maryville, and engaged in the business of contracting and building. Many of the best houses in the county were planned by him and constructed under his supervision. He is a man of good business sense, and possesses splendid qualifications for the position he is seeking. He has never held a county office, and his many friends throughout the county are insisting that under the circumstances he is the logical candidate and should receive the nomination. If nominated and elected Frank will prove to be a careful and painstaking official. He will appreciate your vote at the primary.—Adv.

We the undersigned citizens of Burlington Junction, Nodaway Township, certify that we are well and intimately acquainted with Mr. Jesse F. Robertson who is a candidate for the nomination for the office of Probate Judge, have known him for years and know him to be a gentleman of good moral character, high ideals and a splendid citizen in every way and well qualified to fill the office to which he aspires, and will receive the unqualified support of this community at the polls.

May Not Ship to Dry County.

Intoxicating liquors cannot be shipped by rail into Sullivan county via Q., O. & K. C. road. For months past the prosecuting attorney has been devoting attention to making dry territory dry and the Milan Republican says of the proceeding thus far:

"On request of Prosecuting Attorney J. M. Wattenbarger, Judge C. F. Eubanks issued a temporary injunction against the O. K. railroad forbidding them to ship intoxicating liquors into Sullivan county. The question of making the injunction permanent will be argued before the circuit court some time soon. If this injunction stands one will probably be issued against the C., B. & Q. and the Milwaukee.

"Mr. Wattenbarger is to be commended for this step, and it is hoped it may stick. Then shut up about a half dozen of these places around town where it is being sold and arrest the owners of the building."

Cold Feet.

During a marriage ceremony in Scotland recently the bridegroom looked extremely wretched, and he got so fidgety, standing first on one foot and then on the other, that the "best man" decided he would find out what the trouble was.

"What's up, Jack?" he whispered. "Hae ye lost the ring?"

"No," answered the unhappy one with a woeful look, "the ring's safe enough; but, man, I've lost ma enthusiasm."—Boston Transcript.

An English minister, who guarded his morning study hour very carefully, told the new maid that under no circumstances were callers to be admitted—except, of course, he added—in case of life and death. Half an hour later the maid knocked at his door.

"A gentleman to see you, sir."

"Why, I thought I told you——"

"Yes, I told him," she replied, "but he says it is a question of life and death."

So he went downstairs and found an insurance agent.—Argonaut.

FRED J. YEOMANS FOR COUNTY CLERK

I regret that I have been unable to see all of the Democratic voters in this county before the primary, as I would like to have done, but this is a large county and contains a great many people and it is almost impossible to see them all, so I take this method of informing those I have not been able to see that I will most certainly appreciate your support.

I desire to call your attention to the fact that I am desirous of being your servant in the County Clerk's office. I have worked dilligently to make good in this office as a deputy, and I feel that my best recommendation as to efficiency is the fact that Mr. DeMott, the present clerk, has retained me throughout his term of office. I have never held an office or been before the people of Nodaway county asking for one before, but I feel that I am qualified and in line for the County Clerk's office at this time. I am sure I could be a great aid to a new County Court and a full new court is to be elected this fall. I am asking for this office on my own merits and solicit your honest investigation. I earnestly solicit my Democratic friends to see that my name is on your ticket for County Clerk on next Tuesday, August 4.

Respectfully,
FRED J. YEOMANS.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

J. B. ROBINSON'S STORY.

Because of His Past Record, St. Joseph Paper Believes He Told the Truth.

The St. Joseph Observer tells the following story about James B. Robinson, president of the **Nodaway Valley** bank of Maryville:

Jim Robinson, the **Maryville banker**, has always among his many good traits borne the reputation of telling things straight, no matter how distasteful or onerous it might be.

Wednesday was a trying time, but Jim was equal to the occasion and sustained his reputation. When an Observer man met him at the Robidoux and asked him what he was doing in St. Joseph, without the bat of an eye or a change of color he replied:

"Oh, I came down to the circus."

Hearse Horse Died.

One of the hearse horses belonging to the Maryville Furniture company died yesterday afternoon.

Good at Figures.

Sammy was not prone to overexertion in the class room; therefore his mother was both surprised and delighted when he came home one noon with the announcement, "I got 100 this morning."

"That's lovely, Sammy!" exclaimed his proud mother, and she kissed him tenderly. "What was it in?"

"Fifty in reading and fifty in 'rithmetic."—The Multitude.

SITUATION SOMEWHAT MODIFIED

DIPLOMATS SEE HOPE OF COMPROMISE

London, Aug. 1.—An extraordinary council of ministers held at Peterhof, according to a St. Petersburg dispatch to the Times, was confronted with a modified situation resulting from assurances by the German ambassador, following messages exchanged between the Russian emperor, the German emperor and King George.

The impression among the ministers, the dispatch adds, is that Germany is disposed to bring influence to bear upon Austria to resume diplomatic conversations on grounds acceptable to the other European powers and these seem some hope of a compromise.

France and Great Britain are making a final effort to find a way out compatible with the dignity and interests of both Russia and Austria.

Faint Hope of Compromise.

There are only two factors giving the faintest hope of averting a general European war—first, Russia and Austria are engaged again in direct negotiations; second, both Great Britain and France are using their utmost endeavors in favor of peace.

On the other hand, Russia has ordered a general mobilization and Germany has declared a state of siege, which is undoubtedly a prelude to, if it does not cover, mobilization.

France has not yet mobilized, but cabinet councils issued decrees establishing a moratorium and taking other action, which could only be determined upon the eve of war. Unofficially the French army is being virtually mobilized.

Rumored Demand of Germany.

A circumstantial, though as yet unconfirmed, report published in Rome says that Germany is about to demand from both Russia and France the immediate cessation of mobilization. Yet another rumor has it that the German ambassador has notified the French government of his early departure.

Great Britain is practically, though not officially, mobilized, and the smaller European states, as a precaution, have ordered the mobilization of their armies, Belgium, Holland and Switzerland, to protect their territory from being used as a highway for the belligerents; Norway, Sweden and Denmark to guard themselves on general principles.

Italy makes no announcement and although war rumor credits it with the decision not to participate in the struggle, there is little doubt that she is making ready for mobilization.

Code Telegram Refused.

Communication across Europe has been cut off and there is a universal application of the censorship, with the result that it is impossible to obtain any accurate knowledge of what military operations are going on in Servia. All code telegrams are refused. In short all European nations are becoming isolated from each other by railway and telegraph. Many American travelers have been held up by the suspension of international trains.

Official confirmation of the blowing up by Russian troops of the railroad bridge between Granica, Russian Poland, and Szczakova, in Galicia, on the railroad from Warsaw to Vienna, was received at Berlin.

Czar Meets German Ambassador.

St. Petersburg, Aug. 1.—The czar of Russia gave an audience to the German ambassador and subsequently presided over a full council of ministers, attended by the chief of the army general staff. The mail train from here for Germany did not leave St. Petersburg last night, and the line of boats running to Stockholm, Sweden, has been stopped.

Militants Suspend War During Crisis.

London, Aug. 1.—The headquarters of the Women's Social and Political union, the militant suffragette organization, sent a proclamation to all its branches in the United Kingdom ordering the cessation of all acts of militancy during the continuance of the international crisis.

Fels-Naptha Soap isn't a one-day-in-the-week soap, nor a one-season-in-the-year soap, either. It's the everyday, all-year-round, work-saving, time-saving soap. It's the soap for every member of the family.

It cleans the men's overalls. It washes counterpanes and blankets, fine dresses and laces. It dissolves grease on pots and pans, whitens woodwork, freshens paint, brightens glass and silverware.

It does all this in cool or lukewarm water, with half the effort and less than half the time the same work has always taken before.

Tillie Tearful—"I'll have to stay home from the party! My hands are all red and swollen and my face is all steamed up, leaning over the hot suds. I look awful and I won't go. I'd only wish I was home and envy all the other girls."

Anty Drudge—"You poor child! After this tell your mother to buy Fels-Naptha Soap. You can do the washing, keep cool and get done in time to rest before you go to parties."

Follow the directions on the Red and Green Wrapper.

Inventor Self-Loading Manure Spreader

J. O. THOMPSON

This labor saving machine was invented by Joseph O. Thompson, of Guilford, Mo., ex-judge of the county court of Nodaway county.

It is the only manure spreader that will load itself. This machine is handled with a team and by setting in the seat and operating a lever, it will load itself. The spreader will do the work in the field as well as any machine.

The advantage of this machine is that the manure can be loaded in the barn lot, barn, shed or wherever you can drive with your team.

It will be sold as cheap as any first-class machine of its class.

The advantage of this machine is labor-saving and labor is the most costly thing in the world. This machine will do as much work in one day as the old machine will do in two weeks' time.

TOPS YEAR'S STEER MARKET.

G. S. Porter of Skidmore Gets Highest Price Paid in St. Joseph.

George S. Porter of Skidmore, Mo., was in St. Joseph yesterday with some mixed stock, which included a car of yearling steers of his own raising, good enough to sell at $9.50 a hundred, the highest price paid for yearlings on this market this year.

He also topped the heifer market, receiving $8.50 for two head. Mr. Porter has shipped most of his stock to St. Joseph since 1898, when the market was opened. Mr. Porter has lived in Nodaway county for thirty-six years.

No rain has fallen in the Skidmore district since July 4, Mr. Porter says, and corn is beginning to show the effects of the hot, dry weather. There is still a chance for a fair crop, he thinks, if rain comes soon.

MR. AND MRS. KUCHS CAN'T SAIL.

Reached New York Last Night, But Vaterland is Ordered to Stay in Port.

The steamship Vaterland, on which Mr. and Mrs. Richard Kuchs were to have sailed from New York at noon today for Germany, has been ordered not to leave port, because of the European crisis.

Paul Kuchs said this morning that no word had been received from Mr. and Mrs. Kuchs as to what they would do, but a telegram is expected at any time. They did not reach New York until last night. A dispatch from New York gives the following statement concerning the postponement of the Vaterland's sailing:

Directors of the Hamburg line held a conference today following the receipt of cablegrams from Germany. The officials were obviously greatly concerned. At the conclusion of the conference the following statement was issued:

"In view of the uncertainty of present European conditions it has been decided to postpone the sailing of the steamship Vaterland from New York Saturday; the Amerika from Boston tomorrow, and the Imperator from Hamburg July 31. Due notice of sailing will be given twenty-four hours ahead."

CARS MUST HAVE LICENSE.

A "License Applied For" Sign Won't Do, Says Secretary of State Roach.

Automobiles must bear the license issued by the state before they may be driven, according to Cornelius Roach, secretary of state. In writing to an officer who had arrested a man for driving a car with a "license applied for" sign he says:

"In regard to the people who are operating their automobiles displaying a placard "License applied for," you should stop each and every one of these parties and arrest them and take them before a justice of the peace and see that they are stuck, as the Missouri motor vehicle law, in subdivision 1, of section 3, says that no car shall display any other number plate, placard, sign or device other than the one issued by the state, and you as an officer of your county should see that the law is strictly enforced.

"I would not let these people impose upon me by running with any other form of number plate, in other words, arrest each and every person upon the roads and streets of your county who is operating a car without displaying the 1914 number plate which is white with black figures."

WHAT THE WAR IS ABOUT.

Trouble Started With Recent Assassination—Intricate Relation of Countries Explained.

The cause of the European war is Austria's distrust of Servia, brought to a crisis by the recent assassination of the Austrian crown prince and his wife by a Servian.

Austria asserts that an organized propaganda has been conducted in the Slavic provinces of Austro-Hungary adjoining Servia. Its object is declared to have been to arouse the Slavic inhabitants to revolt and annex their provinces to Servia, thus forming an important Slavic empire of greater Servia.

An ultimatum was sent to Servia last week insisting that this propaganda cease and that its instigators be tried and punished under supervision of Austrian officials.

Servia promised everything asked, except to permit Austrian officials to take part. This refusal, Austria felt, nullified the effectiveness of the proceeding, and it declared war to end a situation which it announced was "intolerable."

Russia, bound to Servia by ties of common ancestry, notified Austria that it would not permit Servian territory to be taken, since that would build up the Teutonic strength at the expense of the Slavs. Germany, as an ally of Austria, is bound to come to its defense if it should be attacked by Russia. Italy is concerned as a member of the triple alliance of Germany, Austria and Italy.

France and England might be involved through their understanding with Russia not to permit the balance of power of Europe to be disturbed through Teutonic expansion.—Kansas City Star.

SWEETHEART GETS J. M. STUART PAROLED—BECOMES HIS WIFE.

MARRIED IN CITY HALL

Miss Wiggins Buys License, He is Brought From Street Gang and Given Shave.

When James M. Stuart, of Clarinda, Ia., was arrested and taken to the city jail here Wednesday afternoon, after having been released from the same place a few hours before, he saw ahead of him two weeks of work on the streets, rather than freedom and a wife, both of which came to him yesterday afternoon.

A week or two ago Stuart came here from Clarinda to meet Miss Dorothy Wiggins, also of Clarinda, and they were to be married. But for some reason they failed to meet, and neither knew what had become of the other. Miss Wiggins returned to Clarinda, but Stuart got drunk, the first drunk he had been on in a year.

Last Wednesday morning his time was up and he was released. He had enough money to take him home, but before he went to the train he bought a pint of whisky and soon found himself in jail again. He could not pay the fine assessed him in police court the next morning, so started to work it out on the streets.

Meanwhile Miss Wiggins heard of his trouble and returned to Maryville. Friday afternoon she went to Mayor Wright and Chief of Police Moberly and asked for Stuart's release, saying she and Stuart wanted to get married. The officials decided that they would parole Stuart if he would be married to Miss Wiggins and leave town with her. Then began work of preparing for the wedding.

City Clerk Chester Bennett telephoned to the Rev. Louis M. Hale, pastor of the First Baptist church, and persuaded him to perform and donate the ceremony. Miss Wiggins then gave Mr. Bennett a dollar with which he went to the recorder's office and bought a marriage license for the couple. Next he went out to get the bride groom who was working on the streets. He took Mr. Stuart to the jail where he changed clothes, and then, at the expense of the chief of police, the clerk took the bridegroom to the barbershop for a shave.

By that time the guests had been brought to the city hall, and the Rev. Mr. Hale married the couple. Mr. Moberly took up a collection from the guests which amounted to $5, and presented it to Mrs. Stuart as a fund for their wedding tour to Clarinda. The couple left thanking everybody who had helped them out of their difficulty.

Those present at the wedding were Chief of Police Elmer Moberly, City Clerk Chester Bennett, City Attorney W. H. Crawford, Sheriff Edmond Wallace, Fire Driver Claud Stults, Assistant Tax Collector Harold Selecman, George Baker, Edward Williams, Herschel Colbert and John Coleman. Mayor Wright disappeared sometime before the ceremony.

Commercial Club's Big Meeting of Year to Be in Normal Park Next Thursday.

The members of the Commercial club will indulge in a watermelon fest at the regular monthly meeting next Thursday evening. Although the entertainment committee of the club has given the special name of "watermelon fest" to the meeting in honor of the many watermelons that will be served with the menu, the latter will be crowded with other, more substantial edibles, and the program will offer a large variety of entertainment.

The meeting is to be made one of the big meetings of the year, both in a business and fun-making way, and the officers are working to get every business man out to it. All members of the Commercial club are expected to be present, and they may invite their friends.

The meeting is to be held in the Normal park, and free transportation will be furnished between the square and the park. Among the entertainment features on the program are several vaudeville sketches. After the "fest" will come the business meeting, at which several important matters are to be taken up.

C. M. Harrison, editor of the Gallatin North Mussourian, probably will be here to make an address at the picnic.

BUCKET BRIGADE CHECKS FIRE.

Gasoline Stove Explosion Endangers Home of Mel Corken of Burlington Junction.

The home of Mel Corken of Burlington Junction was badly damaged by fire yesterday evening, when a gasoline stove which was being filled, exploded.

The blaze spread rapidly, and for a few moments it seemed that the entire house would be burned. The prompt work of the bucket brigade, however, checked the flames, and saved the dwelling.

COCKAYNE FREED

NODAWAY FARMER NOT GUILTY OF RECKLESS DRIVING.

J. C. DUGDALE AT FAULT

St. Joseph Man's Carelessness Caused His Being Run Down by Automobile, Judge Decides.

E. A. Cockayne was cleared yesterday of any blame for the accident in St. Joseph July 5, when J. C Dugdale, a St. Joseph business man, was run down by Cockayne's automobile at King Hill and Missouri avenues. The case was tried in the St. Joseph police court, and Police Judge Allee decided from the testimony that Mr. Dugdale was the only one at fault.

Mr. Cockayne is a Nodaway county farmer, living near Maryville. The result of yesterday's trial of the charge made against him by the city of St. Joseph that he was driving recklessly probably will stop the action that Dugdale was to have taken to recover personal damages.

Thirteen witnesses testified in the case, and much of their evidence conflicted. Judge Allee took the version of the street car men as being disinterested. They declared Cockayne's auto had passed the street car a block before the accident occurred at King Hill and Missouri avenues, had sounded warning signals, had slowed up as it neared the crowd waiting for the car, and that Dugdale stepped in front of the auto and was looking in the other direction.

Home From St. Louis.

John Murrin returned this morning from a week's business trip to St. Joseph, where he has been purchasing new goods for the Corwin-Murrin Clothing company.

LIKE BIG RECESS

TEACHERS AND STUDENT TEACHERS FROLIC AT PICNIC.

FACULTY WINS GAME

More Than 500 Persons Attended Normal Outing in Park Yesterday Afternoon.

Stuffing bananas and marshmallows, rolling eggs, running races, playing ball and screaming and laughing, the staid faculty members of the Normal and the summer school students, many of them experienced schoolmarms, let themselves loose yesterday afternoon for their annual good time picnic, and the Normal park looked like a mammoth recess. More than 500 persons were at the picnic, one of the liveliest the school has ever had.

The day's play began at the athletic park at 2 o'clock.

Three races were run before the base ball game, in which Nodaway county made a clean sweep of the honors. The 100-yard dash, in which one boy from each county contested, was won easily by Bird of Nodaway. The fat men's race, in which no one weighing less than 200 pounds, was allowed to contest, was won by H. P. Swinehart, and James Decker of Graham distanced the field in the slim men's sprint. Immediately following the races came the faculty-student ball game, which resulted in an 11-9 victory for the faculty.

Faculty Lead All Through Game.

Great interest centered around this contest, and each team had the most loyal of supporters. One group of the faculty members were seated together in the grand stand and, encouraged by President Richardson, rooted most faithfully.

The faculty team took the lead early in the game, and led by a safe margin throughout the entire contest. During their first time at bat they accumulated four scores, while the students were able to make only one run in that inning. In the second inning the students were more successful and secured three tallies, but the faculty team was not to be outdone and added six scores to its total in this frame. Neither team scored in the third inning, but the students scored two and the faculty one run in the fourth inning. In the last inning the students rallied, ran in three scores and for a short time it looked as if they would get enough to win the game, but the spurt was checked and the faculty marched off the field, victors of the day.

Same Old Excuse is Made.

Various comments were heard on the game, some being of the opinion that the victory was square and fair, while others maintained that it was too near the end of the term and final examinations for the students to fully exert themselves. This latter is becoming an annual excuse.

Immediately after the game everybody went to the Chautauqua park, where further contests were held. Nodaway county upheld her honor in these contests also, winning three first places. The games and the winners are as follows:

Three-legged race—Alley and ——— of Harrison county.

Sack race—Watson of Nodaway.

Boys' relay—Nodaway.

Human wheelbarrow race—Wogan and Wenger of Buchanan county.

Banana eating contest—Webb of Clay county.

Marshmallow eating contest—Miss Ward of Worth county.

Girls' relay race—Worth county.

Egg rolling contest—Miss Myrtle McPherron of Nodaway county.

After the contests members of the playground class of the Normal school took charge of the student body and started eight groups of plays and games. At 5:30 o'clock each county issued a call to supper and the sports for the day were over.

RECEPTION BEGINS

200 VISIT NEW REST ROOMS THIS MORNING.

EXPECT 1000 BY NIGHT

Comfortable Furnishings, Palms, Ferns, Music and Refreshments Invite Visitors to Stay.

It was a very different sight which presented itself to the visitors at the new rest rooms today from that seen by the committee of women from the Maryville clubs when it inspected the basement of the court house several months ago. Then they took a lantern and groped around in a dark, musty hole, past old boilers and over trash. Today the same hole, but in a new dress, was light, cheery and restful, inviting everyone to stay.

With their handsome furniture, beautifully decorated walls, banks of palms and ferns in different corners, music and refreshments, the rest rooms were opened at 9 o'clock this morning to the first comers, and it was hard for anyone to believe that he was in the basement of Nodaway county's old court house. Rather it seemed as if he were in some fine hotel lobby, during some special occasion.

The Rev. and Mrs. C. H. John of Maryville were the first persons to register this morning, and W. A. Blagg was next. Mrs. Guy Mutz was the first woman from the country to register. At 11 o'clock nearly 200 persons had visited the rooms. Of course, not many out of town persons had visited the room yet this morning, for they had not had time to reach Maryville. With the weather so clear and the roads in such good condition, however, the women on the reception committees expect to entertain at least 1,000 persons before the rooms are closed late tonight.

As the visitors enter the rooms they are served to punch and then shown around. The cream tinted walls, large windows and indirect lighting fixtures make the rooms as bright and cheerful as any. The wicker chairs and the couches invite to comfort. A table in one room is covered with the latest magazines, some of them fiction magazines, but many of them the kind that appeal to the women, the fashion and home-making magazines. In this same room is a grafanola with many of the best records furnishing the music for the day.

Those present from out of town this morning were: Misses Elta and Ethel Hern of Elmo, Miss Minnie Kennedie, Eagleville, Mo.; Miss Julietta Lance, Trenton, Mo.; Mrs. N. C. LeGrande, Clearmont; Miss Ada Brandt, Clearmont; Ivan Irgo and Hollis Hays, Skidmore; W. H. Swinford, Clyde; Mrs. Henry Moore, Ravenwood; Mrs. W. G. Gray, Ravenwood; Mrs. Nellie Remmele, Clyde, and Mr. and Mrs. E. E. Woods, Ravenwood.

To Visit at Graham.

Mrs. G. B. Holmes and Miss Orrel Helwig left last night for Graham to attend the Chautauqua. While there they were the guests of Mrs. L. Rowlett and Mrs. John Wilson.

Home to Creston.

Miss Dorothy Bean of Creston, who has been the guest of Miss Alice Orcutt and Miss Lucile Holmes, left for her home today.

Misses Gladys and Helen Tilson, who have been visiting for the past few days in Maryville, at the home of their uncle, W. R. Tilson returned to St. Joseph this morning.

Miss Helen Dean went to Pickering today to spend a few days as the guest of Mr. and Mrs. Verne Wray.

THE WEATHER

Generally fair tonight and Sunday; not much change in temperature.

Quantity of Food in Packages Must Be Marked After Sept. 3.

Beginning September 3, Uncle Sam will be chief weighmaster for Mrs. Housewife. An amendment to the pure food and drugs law, which requires that all food in packages must be marked, in terms of weight, measure or numerical count, goes into effect on that date. In that way Mrs. Housewife will be able to choose between the dealer who sells a "padded" package with nine ginger snaps in it, and another dealer who sells a small package containing twelve ginger snaps. The weights or measures given on the packages must be the net and correct weights or measures.

The law is aimed chiefly at the manufacturer shipping food products in interstate transit, but it also affects the retailer. If a retailer buys a lot of staple goods and the packages are not marked as required by the law, such goods will be liable to seizure by government inspectors. Packages containing less than two ounces or fewer than six units of food are exempt from marking.

Certain tolerances and variations due to atmospheric and other conditions are allowed for. Inquiries as to such discrepancies may be directed to B. C. Winslow, food and drug inspector, in the federal building.

To Buy Fall Stock.

C. W. Yehle of the Alderman-Yehle dry goods company will leave Monday for Chicago and New York City to buy new fall goods for his firm. He will be accompanied by his sister, Miss Katherine Yehle and Miss Gertrude Condon, head of the ready-to-wear department.

Home to Arizona.

Miss Ruth St. Clair, of Phoenix, Ariz. who had been visiting at the home of her aunt, Mrs. W. T. Garrett and other relatives, left today for her home.

To Visit at Rea.

Mr. and Mrs. C. E. Ballinger left today for Rea, Mo., to visit a few days with their daughter, Mrs. Paul Fisher.

HORSE KILLED JAMES MANION.

Catholic Priest, Former Conception College Student and Ball Player For Maryville, Died From Kick.

Word has been received here that Father James Manion was killed in Oregon last week when a horse kicked him. The particulars of the accident have not been learned.

Mr. Manion was formerly a student at Conception college, and one year played first base on the old Maryville Comets team. At the time of his death he was pastor of a church in Oregon.

Sawyers For Prosecuting Attorney

The primary campaign is about to close. It is impossible for a candidate to meet and talk with all the voters, be he ever so diligent. Personally, I have done my best to get my claims for the nomination for Prosecuting Attorney before the people. They are simply these: First, having served a term as assistant in this office, during which time I assisted in the prosecution of a large number of criminal cases, I claim experience. Second, having asked for a nomination four years ago, I am for a second time asking for your consideration. Third, I have been actively connected with the party organization for the last ten years, rendering such service as I could.

To summarize, I have had criminal law experience which ought to be valuable in conducting the office. I have rendered a service to the party which permits me to ask for consideration, providing my habits and reputation are such as warrant a responsible trust of this nature being placed with me. As to these, I ask your careful inquiry. If my claims are good, I most respectfully ask that you give me your support next Tuesday.

Very respectfully,

WILLIAM G. SAWYERS.

RECREATION FOR CAMPERS.

Out Door Morning Programs and Athletic Events for Chautauqua Week.

Recreation for the campers at the Chautauqua is one of the important parts of the program arranged for this year.

Any prescribed program other than athletic events and out door amusements has been dispensed with. A tennis court will be laid out, croquet sets placed and equipment for various other sports and games provided.

A field day program has been arranged for two mornings, one for the children under 14 and the other for girls and youths from 14 to 18. Prizes are to be offered for these different events and a tennis tournament will be held.

There will not be a dull moment for the morning sessions.

In devoting the first part of the day's program to out door sports, the management has followed the plan of several other chautauquas, who found the morning arrangement gave added zest to the afternoon and evening programs.

WOMEN AND CO-OPERATION.

Co-operation is one of the keynotes to the life of the modern world and its success. Big business has made its fortunes through co-operation; commercial clubs are proving the value of it to the merchants of cities and towns all over the country, and the farmers are being taught to co-operate with each other and their neighbors in the cities.

Today Maryville and Nodaway county are witnessing the successful result of another co-operation, the co-operation that has built and made possible today the opening of the women's rest rooms in the court house. The club women of Maryville, the county court and other citizens of this city and Nodaway county have all worked together to make these rest rooms a reality, and they have accomplished something that is of inestimable value.

But to narrow the field of co-operation a little and take in only the General Federation of Women's Clubs. This organization has been the prime mover in the best of recent things done for the city. In fact, the women have always been instigators of the good things done here. The women have long looked after the charity of the town; it was a woman who secured the drinking fountain for animals. And so it goes; but not until they organized their different clubs into a co-operative body, the General Federation of Women's Clubs, did they attain their full power. Since then they have begun to do big things.

Clean-up day is one of these things; the rest rooms is another, probably the best, and the people of the town may rest assured that the work will go on.

Co-operation is a great thing, but women plus co-operation is a very great thing.

On Week's Vacation.

A. J. Luppold of the Toggery Shop will leave this evening for Red Oak, Ia., to spend a week's vacation and to meet his wife, who is visiting her parents, Mr. and Mrs. O. K. Olson, living on a farm near Red Oak.

G. L. WILFLEY CELEBRATES.

Head of Farmers Trust Co. is 57 Years Old Today.

George L. Wilfley, president of the Farmers Trust company, is celebrating today. Most folks don't know that it is a special day, for Mr. Wilfley's geniality is of the sort that makes his friends think he is having a thoroughly good time each day.

Still today is something extra for Mr. Wilfley is receiving the congratulations of his friends on his arrival at his fifty-seventh birthday. If he didn't have the family Bible record to prove the date, no one would believe Mr. Wilfley has celebrated so many birthdays.

He was born at a little place called Cooper's Mill in Nodaway county, August 1, 1857. He started his business career at sixteen and from then until 1880 he took a number of flittings over Missouri but none looked as good as Maryville and he came here in that year, he remained.

Mr. Wilfley entered the bank of Baker, Saunders & Co., as clerk and in 1887 purchased an interest in the bank. Through the various changes of the Baker-Saunders Co., into the Maryville National Bank and later the Farmers Trust company, Mr. Wilfley has been with the firm and is now its head.

Ladder Breaks and Painters Fall.

While at work on the Toggery Shop yesterday, two painters fell about ten feet to the walk when the rung of a ladder on which one of the iron brackets rested, broke, letting their scaffold drop. Neither was hurt, but both were covered from head to feet with paint, and the walk is still smeared with a large spot of it.

Mr. and Mrs. Harry Purviance, who live six miles south of Maryville, announce the birth of a girl Thursday, July 30.

Frank Bolin, the subject of this sketch, is a candidate for the office of County Clerk, subject to the action of the Democratic voters on Tuesday next. He is a native of Nodaway county, having been born on a farm in White Cloud township, forty-two years ago, where he continued to reside until about fifteen years ago, when he located in Maryville, and engaged in the business of contracting and building. Many of the best houses in the county were planned by him and constructed under his supervision. He is a man of good business sense, and possesses splendid qualifications for the position he is seeking. He has never held a county office, and his many friends throughout the county are insisting that under the circumstances he is the logical candidate and should receive the nomination. If nominated and elected Frank will prove to be a careful and painstaking official. He will appreciate your vote at the primary.—Adv.

We the undersigned citizens of Burlington Junction, Nodaway Township, certify that we are well and intimately acquainted with Mr. Jesse F. Robertson who is a candidate for the nomination for the office of Probate Judge, have known him for years and know him to be a gentleman of good moral character, high ideals and a splendid citizen in every way and well qualified to fill the office to which he aspires, and will receive the unqualified support of this community at the polls.

May Not Ship to Dry County.

Intoxicating liquors cannot be shipped by rail into Sullivan county via Q., O. & K. C. road. For months past the prosecuting attorney has been devoting attention to making dry territory dry and the Milan Republican says of the proceeding thus far:

"On request of Prosecuting Attorney J. M. Wattenbarger, Judge C. F. Eubanks issued a temporary injunction against the O. K. railroad forbidding them to ship intoxicating liquors into Sullivan county. The question of making the injunction permanent will be argued before the circuit court some time soon. If this injunction stands one will probably be issued against the C., B. & Q. and the Milwaukee.

"Mr. Wattenbarger is to be commended for this step, and it is hoped it may stick. Then shut up about a half dozen of these places around town where it is being sold and arrest the owners of the building."

Cold Feet.

During a marriage ceremony in Scotland recently the bridegroom looked extremely wretched, and he got so fidgety, standing first on one foot and then on the other, that the "best man" decided he would find out what the trouble was.

"What's up, Jack?" he whispered. "Hae ye lost the ring?"

"No," answered the unhappy one with a woeful look, "the ring's safe enough; but, man, I've lost ma enthusiasm."—Boston Transcript.

FRED J. YEOMANS FOR COUNTY CLERK

I regret that I have been unable to see all of the Democratic voters in this county before the primary, as I would like to have done, but this is a large county and contains a great many people and it is almost impossible to see them all, so I take this method of informing those I have not been able to see that I will most certainly appreciate your support.

I desire to call your attention to the fact that I am desirous of being your servant in the County Clerk's office. I have worked dilligently to make good in this office as a deputy, and I feel that my best recommendation as to efficiency is the fact that Mr. DeMott, the present clerk, has retained me throughout his term of office. I have never held an office or been before the people of Nodaway county asking for one before, but I feel that I am qualified and in line for the County Clerk's office at this time. I am sure I could be a great aid to a new County Court and a full new court is to be elected this fall. I am asking for this office on my own merits and solicit your honest investigation. I earnestly solicit my Democratic friends to see that my name is on your ticket for County Clerk on next Tuesday, August 4.

Respectfully,
FRED J. YEOMANS.

J. B. ROBINSON'S STORY.

Because of His Past Record, St. Joseph Paper Believes He Told the Truth.

The St. Joseph Observer tells the following story about James B. Robinson, president of the Nodaway Valley bank of Maryville:

Jim Robinson, the Maryville banker, has always among his many good traits borne the reputation of telling things straight, no matter how distasteful or onerous it might be.

Wednesday was a trying time, but Jim was equal to the occasion and sustained his reputation. When an Observer man met him at the Robidoux and asked him what he was doing in St. Joseph, without the bat of an eye or a change of color he replied:

"Oh, I came down to the circus."

DIPLOMATS SEE HOPE OF COMPROMISE

London, Aug. 1.—An extraordinary council of ministers held at Peterhof, according to a St. Petersburg dispatch to the Times, was confronted with a modified situation resulting from assurances by the German ambassador, following messages exchanged between the Russian emperor, the German emperor and King George.

The impression among the ministers, the dispatch adds, is that Germany is disposed to bring influence to bear upon Austria to resume diplomatic conversations on grounds acceptable to the other European powers and these seem some hope of a compromise.

France and Great Britain are making a final effort to find a way out compatible with the dignity and interests of both Russia and Austria.

Faint Hope of Compromise.

There are only two factors giving the faintest hope of averting a general European war—first, Russia and Austria are engaged again in direct negotiations; second, both Great Britain and France are using their utmost endeavors in favor of peace.

On the other hand, Russia has ordered a general mobilization and Germany has declared a state of siege, which is undoubtedly a prelude to, if it does not cover, mobilization.

France has not yet mobilized, but cabinet councils issued decrees establishing a moratorium and taking other action, which could only be determined upon the eve of war. Unofficially the French army is being virtually mobilized.

Rumored Demand of Germany.

A circumstantial, though as yet unconfirmed, report published in Rome says that Germany is about to demand from both Russia and France the immediate cessation of mobilization. Yet another rumor has it that the German ambassador has notified the French government of his early departure.

Great Britain is practically, though not officially, mobilized, and the smaller European states, as a precaution, have ordered the mobilization of their armies. Belgium, Holland and Switzerland, to protect their territory from being used as a highway for the belligerents; Norway, Sweden and Denmark to guard themselves on general principles.

Italy makes no announcement and although war rumor credits it with the decision not to participate in the struggle, there is little doubt that she is making ready for mobilization.

Code Telegram Refused.

Communication across Europe has been cut off and there is a universal application of the censorship, with the result that it is impossible to obtain any accurate knowledge of what military operations are going on in Servia. All code telegrams are refused. In short all European nations are becoming isolated from each other by railway and telegraph. Many American travelers have been held up by the suspension of international trains.

Official confirmation of the blowing up by Russian troops of the railroad bridge between Granica, Russian Poland, and Szczakova, in Galicia, on the railroad from Warsaw to Vienna, was received at Berlin.

Czar Meets German Ambassador.

St. Petersburg, Aug. 1.—The czar of Russia gave an audience to the German ambassador and subsequently presided over a full council of ministers attended by the chief of the army general staff. The mail train from here for Germany did not leave St. Petersburg last night, and the line of boats running to Stockholm, Sweden has been stopped.

Militants Suspend War During Crisis.

London, Aug. 1.—The headquarters of the Women's Social and Political union, the militant suffragette organization, sent a proclamation to all its branches in the United Kingdom ordering the cessation of all acts of militancy during the continuance of the international crisis.

Fels-Naptha Soap isn't a one-day-in-the-week soap, nor a one-season-in-the-year soap, either. It's the everyday, all-year-round, work-saving, time-saving soap. It's the soap for every member of the family.

It cleans the men's overalls. It washes counterpanes and blankets, fine dresses and laces. It dissolves grease on pots and pans, whitens woodwork, freshens paint, brightens glass and silverware.

It does all this in cool or lukewarm water, with half the effort and less than half the time the same work has always taken before.

Tillie Tearful—"I'll have to stay home from the party! My hands are all red and swollen and my face is all steamed up, leaning over the hot suds. I look awful and I won't go. I'd only wish I was home and envy all the other girls."

Anty Drudge—"You poor child! After this tell your mother to buy Fels-Naptha Soap. You can do the washing, keep cool and get done in time to rest before you go to parties."

Follow the directions on the Red and Green Wrapper.

Inventor Self-Loading Manure Spreader

J. O. THOMPSON

This labor saving machine was invented by Joseph O. Thompson, of Guilford, Mo., ex-judge of the county court of Nodaway county.

It is the only manure spreader that will load itself. This machine is handled with a team and by setting in the seat and operating a lever, it will load itself. The spreader will do the work in the field as well as any machine.

The advantage of this machine is that the manure can be loaded in the barn lot, barn, shed or wherever you can drive with your team.

It will be sold as cheap as any first-class machine of its class.

The advantage of this machine is labor-saving and labor is the most costly thing in the world. This machine will do as much work in one day as the old machine will do in two weeks' time.

TOPS YEAR'S STEER MARKET.

G. S. Porter of Skidmore Gets Highest Price Paid in St. Joseph.

George S. Porter of Skidmore, Mo., was in St. Joseph yesterday with some mixed stock, which included a car of yearling steers of his own raising, good enough to sell at $9.50 a hundred, the highest price paid for yearlings on this market this year.

He also topped the heifer market, receiving $8.50 for two head. Mr. Porter has shipped most of his stock to St. Joseph since 1898, when the market was opened. Mr. Porter has lived in Nodaway county for thirty-six years.

No rain has fallen in the Skidmore district since July 4, Mr. Porter says, and corn is beginning to show the effects of the hot, dry weather. There is still a chance for a fair crop, he thinks, if rain comes soon.

MR. AND MRS. KUCHS CAN'T SAIL.

Reached New York Last Night, But Vaterland is Ordered to Stay in Port.

The steamship Vaterland, on which Mr. and Mrs. Richard Kuchs were to have sailed from New York at noon today for Germany, has been ordered not to leave port, because of the European crisis.

Paul Kuchs said this morning that no word had been received from Mr. and Mrs. Kuchs as to what they would do, but a telegram is expected at any time. They did not reach New York until last night. A dispatch from New York gives the following statement concerning the postponement of the Vaterland's sailing:

Directors of the Hamburg line held a conference today following the receipt of cablegrams from Germany. The officials were obviously greatly concerned. At the conclusion of the conference the following statement was issued:

"In view of the uncertainty of present European conditions it has been decided to postpone the sailing of the steamship Vaterland from New York Saturday; the Amerika from Boston tomorrow, and the Imperator from Hamburg July 31. Due notice of sailing will be given twenty-four hours ahead."

CARS MUST HAVE LICENSE.

A "License Applied For" Sign Won't Do, Says Secretary of State Roach.

Automobiles must bear the license issued by the state before they may be driven, according to Cornelius Roach, secretary of state. In writing to an officer who had arrested a man for driving a car with a "license applied for" sign he says:

"In regard to the people who are operating their automobiles displaying a placard "License applied for," you should stop each and every one of these parties and arrest them and take them before a justice of the peace and see that they are stuck, as the Missouri motor vehicle law, in subdivision 1, of section 3, says that no car shall display any other number plate, placard, sign or device other than the one issued by the state, and you as an officer of your county should see that the law is strictly enforced.

"I would not let these people impose upon me by running with any other form of number plate, in other words, arrest each and every person upon the roads and streets of your county who is operating a car without displaying the 1914 number plate which is white with black figures."

WHAT THE WAR IS ABOUT.

Trouble Started With Recent Assassination—Intricate Relation of Countries Explained.

The cause of the European war is Austria's distrust of Servia, brought to a crisis by the recent assassination of the Austrian crown prince and his wife by a Servian.

Austria asserts that an organized propaganda has been conducted in the Slavic provinces of Austro-Hungary adjoining Servia. Its object is declared to have been to arouse the Slavic inhabitants to revolt and annex their provinces to Servia, thus forming an important Slavic empire of greater Servia.

An ultimatum was sent to Servia last week insisting that this propaganda cease and that its instigators be tried and punished under supervision of Austrian officials.

Servia promised everything asked, except to permit Austrian officials to take part. This refusal, Austria felt, nullified the effectiveness of the proceeding, and it declared war to end a situation which it announced was "intolerable."

Russia, bound to Servia by ties of common ancestry, notified Austria that it would not permit Servian territory to be taken, since that would build up the Teutonic strength at the expense of the Slavs. Germany, as an ally of Austria, is bound to come to its defense if it should be attacked by Russia. Italy is concerned as a member of the triple alliance of Germany, Austria and Italy.

France and England might be involved through their understanding with Russia not to permit the balance of power of Europe to be disturbed through Teutonic expansion.—Kansas City Star.
